

ECO EDUCATION GUIDE

Free resources to meaningfully engage youth in ecological education

Daily Ways to Engage

- ✓ **Nature Journaling** | child chooses a location outside ("sit-spot") to artfully record nature observations
- ✓ **E-STEM Challenge** | select 3-5 random reusable or natural items & propose a building challenge
- ✓ **"LQA" Written Reflection After an Outdoor Adventure** | What did I LEARN?
What QUESTIONS do I have?
What ACTION STEPS will I take?
